Providing emergency medical care and safety at Hidden Valley Ski Area in Wildwood, Missouri.

HIDDEN VALLEY SKI PATROL is a registered unit of the National Ski Patrol, a non-profit, federally chartered organization. The Hidden Valley Ski Patrol is guided by the policies, procedures, and ideals of the National Ski Patrol. The Hidden Valley Ski Patrol is a “voluntary” patrol. OUR MISSION is to provide skilled professional services to the Hidden Valley Ski Area and the snowboarding and skiing public. These services include the promotion of snowboard and ski safety and accident prevention, the administration of first aid to injured guests, and the transportation of injured guests off the ski slopes.

Our Outdoor Emergency Care classes are generally held August – November. You may be qualified to challenge the program if you hold a valid EMT, etc. license in the state of Missouri. On hill ski/board and toboggan training runs December – February with final evaluation generally the 2nd week of February. Those fulfilling the requirements then move on to basic patroller status and are required to schedule volunteer shifts through the remainder of the season. Scheduling for subsequent seasons generally requires an average of 15 shifts along with annual refresher activities. We also participate in an annual fundraiser over the July 4th holiday at Fair St. Louis – prospective members are encouraged to participate. The reward of being a ski/board patroller is great – we encourage you to join HVSP today!

Candidate Information – Please provide information below regarding joining HVSP
